

SAPTA For Our Students

THE ALBERT GOH SPORTSMAN STUDY PROGRAMME

The study programme was launched by SAPTA to support the school's time-starved athletes who spend an enormous number of hours in training and competition, leaving them exhausted and uninspired to tackle their school work

Since its launch in 2009, the programme has become an integral part of each sportsman's training regime, especially for our rugby and hockey players. It has produced good results, dramatically improved grades, some distinctions and many grateful parents.

At the luncheon hosted by SAPTA in February to honour Mr Albert Goh, our main benefactor, current and past students who have benefited from the programme, attended the luncheon to personally express their thanks and gratitude to Mr Goh, whose generosity has sustained the study programme for these past 5 years.

SAPTA CARES

The SAPTA Cares Fund was set-up in 2013 to support boys from less privileged backgrounds in our school. Born from a realization that there is a need for a sustainable fund to support our boys instead of raising funds on an ad-hoc basis, SAPTA Cares was launched last year on Children's Day.

Each year, 50% the proceeds from our annual SAPTA Carnival and 30% from annual membership subscriptions is channeled into our SAPTA Cares Fund.

SAPTA Cares in 2014

Dennis Tan, Senior School Counsellor, SAJS

"In 2014, the school is blessed to have SAPTA come on board to sponsor some of the needy pupils in the Extend - A - Care programme. This year, SAPTA's sponsorship enables 4 pupils to attend St Andrew's House Day Boarding (SAHDB) after-school care. Attending SAHDB allows these pupils to experience some structure after school, and provides the environment to help them in their school work. The parents of these pupils are grateful that the welfare of their sons is taken care of."
